Hotel Schloss Mönchstein*****s

Luxury above the roofs of Salzburg

Hotel Schloss Mönchstein*****s sits atop the Mönchsberg, above the roofs of the city of Salzburg. Having received a “superior” rating, the hotel counts among the most exclusive addresses in Austria¹ and has been described as the most enchanting castle hotel in the world.² Alongside the peaceful location in 14,000 m² of castle grounds, the luxury hotel offers a unique panorama of the city, 24 individual rooms and suites in a classic design, an award-winning gourmet restaurant with an unparalleled view over Salzburg’s old town, an extensive spa area with a heated outdoor infinity pool, as well as a multitude of opportunities to celebrate exclusive events and dreamlike weddings in suitable surroundings.

Nestled among gorgeous nature, directly above the roofs of Salzburg, Hotel Schloss Mönchstein*****s enjoys a particularly special location, considered today to be one of the most exclusive hotel addresses¹ in Austria.

A historic place steeped in tradition

The history of the castle stretches back to the late 14th century and first appears in documents under the name “Tetelheimer Turm”. During the 17th century, it came into the possession of the St. Peter’s Abbey, which made the building available to the esteemed “Professoris” so that they could recuperate after “heavy mental labour”, and it subsequently came to be known in the vernacular as the “Professors’ Castle”. The tower room, which still exists today, was then used as an astronomical research station. At that time, the Mönchsberg was made traversable by Archbishop Paris Lodron. Over the centuries, prominent guests came to enjoy the exclusive location: Catherine the Great sent a belt as a thank-you gift, the Princess of Liechtenstein was given her own “garden bench for observing”, and Alexander von Humboldt praised this “small slice of paradise” above the city. It was not until after the Second World War that this special place became accessible to the wider public through its transformation into a hotel in 1948.

An owner who invests in quality

In 2005, the successful Swiss entrepreneur Dr Hans-Peter Wild took over Hotel Schloss Mönchstein*****s. Since then, the businessman, who is known for being the owner of all the companies across the globe which trade under the brand names Capri-Sonne© and Capri-Sun©, has continued to invest in the ongoing modernisation and improvement of this traditional hotel: “I invest in quality with potential. Both were present in this hotel. It is wonderful to witness how this special place has been improved, modernised, and developed positively through investments in recent years”, Dr Wild proudly summarises. His words chime with the hotel’s success: at the end of 2020 the hotel received the “World Luxury Award” for the best castle hotel in the world for the fourth time in a row. The entrepreneur also feels at home in Salzburg himself: “Salzburg has always welcomed me with open arms and I relish the time that I get to spend here.”

International recognition of quality

The quality and high level of the hotel have already been rewarded multiple times at the highest level: Top 100 Country Hotels in the World (Dr Klaus Besser), Grand Award of the “Hideaway Report” for the most enchanting castle hotel in the world, the elevation of the hotel by the Professional Association for Hotel Industry of the Austrian Federal Economic Chamber to five-star superior hotel. By the end of 2020, Hotel Schloss Mönchstein*****s had not only received 4,5 Gault Millau bonnets and 17 points once again, but had also been awarded “Best Luxury Castle Hotel” (worldwide) in the renowned World Luxury Awards. These special accolades are also an endorsement of continued investment in the site.

In June 2020 the gourmet restaurant `THE GLASS GARDEN` was additionally awarded with one Michelin star.
